AIRCGROUP

Description:

Airolube Tire Conditioner is a plant-based conditioner for rubber surfaces.

The natural formula of the Tire Conditioner makes the rubber look like new again. The liquid is easy to apply to the rubber and is easy to apply to the relief.

Like all other Airolube products, the Tire Conditioner is also biodegradable. The packaging is also fully recyclable.

Application:

Conditioning of all types of rubber tires.

Instructions:

Apply Airolube Tire Conditioner to a paper or cloth cloth. Then polish the entire tire.

The content of this document is intended to enable the reader to orientate himself on the properties and possible applications of products produced under the labels of Airogroup BV. The analysis data mentioned in this product data sheet are typical values. Small deviations, which can occur during the normal manufacturing process of the product, will not affect the quality of the product. Although this text has been compiled with great care, the compiler accepts no liability for damage resulting from incompleteness and/or inaccuracies in the text. The reader is advised the final product choice in consultation with the supplier.
