

Physical properties:

Color	Yellow
Appearance	Liquid
pH	10-10,5
amphoteric surfactants	<5%
Available volumes	500ml / 1000ml / 5l / 20l

SUPER DEGREASER

Description:

Airolube Super Degreaser is a functional degreaser for degreasing the bike's powertrain and lightly contaminated car, engine and agricultural components.

The natural formula of the Airolube Super Degreaser is completely biodegradable and is friendly for lacquers and carbon. The powerful degreaser dissolves oil, grease and other dirt. Airolube Super Degreaser ensures that the metal parts do not dry out and corrode after the parts have been degreased. What's left are clean parts.

Airolube Super Degreaser is a plant-based formula that is completely biodegradable. The unique composition is safe to use and free of any kind of hazard labels. All Airolube packaging is also 100% recyclable.

Application:

Degreasing lightly to moderately contaminated mounted and disassembled parts.

Instructions:

Spray into the surface with Super Degreaser. Allow to act and brush moderately contaminated parts well. Rinse with water and then wipe with a dry cloth.
