UNIVERSAL CLEANER

Description:

Aiolube Universal Cleaner is a multifunctional cleaner for bicycles, cars, agricultural vehicles and more!

As a bicycle cleaner, the Universal Cleaner is suitable for effortless cleaning of all parts of the bike. The plant-based formula is designed in such a way that light and stubborn pollution is easy to remove without damaging the paintwork of your frame or other parts of your bike. The Aiolube Universal Cleaner is also excellent for cleaning the exterior of the car, engine or agricultural vehicle. For example, the cleaner is safe to use on paints, metals and plastic parts.

Aiolube Universal Cleaner is a plant-based formula that is completely biodegradable. The unique composition is safe to use and free of any kind of hazard labels. All Aiolube packaging is also 100% recyclable.

Application:

Cleaning of bicycles, mopeds and motorbikes. Cleaning the exterior of cars and agricultural vehicles.

Instructions:

Wet the surface to be cleaned with water. Then spray into the surface with Universal Cleaner. Let it act and brush off any heavy pollution. Then wipe with a dry cloth.
