FABRIC PROTECT

Description:

Airolube Fabric Protect is a plant-based impregnating agent for protecting fabrics, suede and nubuck upholstery.

The unique formula does not allow the adhesion of dirt and moisture to fabric coverings. At the same time it ensures that the upholstery can continue to breathe and thus retain its flexibility and quality. Airolube Fabric Protect is easy to apply. Just spray it, let it soak in and the upholstery is protected.

The packaging is fully recyclable.

Application:

Dirt and water repellent of fabrics, suede and nubuck upholstery of cars, trucks, buses, campers, caravans, etc.

Instructions:

Spray the surface with Airolube Fabric Protect until it is thoroughly wet. Leave the formula for 24 hours and let it dry.
